

Fernando António Simões Tona

Software Developer | C#/.NET | Azure | Problem solver with a musician's discipline

✉ email@example.com | 📞 +XXX XXX XXX XXX | 🌐 github.com/fernandotonacoder | 🔗 linkedin.com/in/fernandotona

Core Skills

Languages and Frameworks: C# / .NET, ASP.NET Core, SQL, React / JavaScript / TypeScript, EF Core, Dapper

Databases: SQL Server, PostgreSQL, MongoDB

DevOps and Cloud: Azure, Azure DevOps, Azure Container Apps, Git, GitHub, GitHub Actions, Docker, Bicep (IaC)

Testing and Quality: MSTest, xUnit, NUnit, Jest, Vitest, .NET Aspire Integration Testing, SonarQube, Mend

Practices: SOLID, Clean Code, Unit and Integration Testing, Agile/Scrum/SAFe

Other relevant: Vue, NServiceBus, Azure Service Bus, Azure Event Hubs, C++, CppUnit, Cosmos DB, OpenTelemetry, TeamCity, TFVC

Work Experience

Mozantech | Software Developer | Matosinhos, Portugal (Hybrid) | Jan 2026 – Present

Outsourced to a leading multinational in scientific testing services, working on both legacy system maintenance and a monolith-to-microservices migration within an Event-Driven architecture.

Unit4 | Associate Engineer | Portugal (Remote) | Mar 2023 – Jan 2026

Shipped features in C#/.NET, React/TypeScript, and C++ across Windows and Azure-hosted ERP modules, designing REST APIs, expanding test suites, and optimizing SQL Server/PostgreSQL integrations.

- Worked across core product, localization, and integrations — including Payroll Navigator and a UK HMRC tax microservice.
- Remediated critical SonarQube and Mend findings to strengthen security and overall quality posture.

Unit4 | Graduate Engineer (Internship) | Portugal (Remote) | Nov 2022 – Feb 2023

Built a full-stack web application at the Unit4 Academy in a team-oriented setting.

Conservatório de Música da Bairrada | Teacher of Classical Guitar | Oliveira do Bairro | Sep 2010 – Aug 2025

Taught classical guitar and chamber music at a Portuguese conservatory, leading individual & ensemble instruction and mentorship.

Featured Portfolio Projects

Music Albums API: REST API in .NET 10 / C# with Dapper and PostgreSQL, structured as a monolith with a pragmatic layered architecture. Locally orchestrated by .NET Aspire; containerized with Docker, published to **GitHub Container Registry (GHCR)**, and deployed to **Azure Container Apps** via **Bicep** (IaC) and a multi-stage **Azure Pipelines CI/CD** with manually gated app and infrastructure deploys; a scheduled **GitHub Actions** workflow prunes old GHCR images. Quality is enforced through unit and integration tests, code coverage, and **SonarQube** quality gates (Cloud + self-hosted Server). Development follows **GitHub Flow** with a single long-lived *main* branch and short-lived feature branches — PR-only changes, required CI, squash merges.

Chrisert: React SPA (Vite, Tailwind CSS, Shadcn UI) for a real ETICS-insulation construction firm — live in production at [chrisert.pt](#). Two-stage **GitHub Actions** CI/CD: feature branches → *dev* (GitHub Pages staging) → *main* (**Netlify** production), with branch protection, Vitest, **SonarQube** quality gates, and manually approved deploys.

Education

Universidade Aberta: Bachelor's in Computer Science | Sep 2024 – Present (Expected 2028)

Code for All: Full Stack Software Developer (on-site bootcamp) | May 2022 – Aug 2022

Universidade de Aveiro: Master's in Music Education (Classical Guitar and Chamber Music) | Sep 2013 – Jul 2016

Universidade de Aveiro: Bachelor's in Music (Classical Guitar) | Sep 2008 – Jul 2013

Certifications and Courses

Azure Developer Associate (AZ-204) | Microsoft | Scheduled 2026-06-21

User Interfaces for the Web with React | Universidade de Aveiro (Microcredential) | 2025-12-19

Azure Fundamentals (AZ-900) | Microsoft | 2025-12-13

Continuous Learning Portfolio: See all completed courses and certificates on my GitHub portfolio.

Languages

English: Full professional | **French:** Elementary | **Portuguese:** Native (European) | **Spanish:** Native (LATAM)

Additional Information

Citizenship: Portuguese (EU) | **Location:** Based near Aveiro, Portugal. Open to relocation to another country.
